

West Sayville Christian School has an opening for a full-time Middle School teacher for the 2009-2010 school year.

Our ideal candidate would have a background in math and/or science but all applicants will be considered. The final mix of class assignments will be based upon current staffing strengths. We offer medical benefits and have school subsidized housing available.

Those interested may forward a copy of their resume or call Mr. Joseph Klass at 589-2180 for further information. Additional information about the school may be found on our website at www.wscs.org. Thank you for your assistance in this matter.
