

Dear Parent:

“Christian education has to do with every subject of knowledge. Adding a few courses in religion and Bible study to a school curriculum or holding religious exercises and Chapel services does not make a Christian school. Nor is it enough that teachers are members of a Christian church. Christian education requires a Christian point of view for the whole curriculum, a God-centered program in every department, and a born again educator before every class.”

This quote from the National Association of Christian Schools presents the essence of purpose of the West Sayville Christian School.

Our school is staffed by teachers who are State certified, who are continuing in their education, who have dedicated themselves to teaching children, and above all, have dedicated themselves to living for HIM.

Our curriculum, established according to the guidelines of the Department of Education of the State of New York, includes a very important factor, GOD. Learning based on His principles guides each student toward Him.

Please be aware that tuition covers approximately 70% of the cost of education at West Sayville Christian School. The rest is covered by contributions and fund raising activities involving students and families. Your participation will be necessary to assure the success of these fund raising activities and the continuation of partial tuition.
